## XP Renew-It™

**VOC Compliant  
Silicone Based Lotion**

No. **98**

**Works  
Great on  
Hard  
Plastics!**

XP Renew-It™ is a silicone based lotion used to restore the luster of unpainted hard plastic mirror housings, rubber or plastic moldings and bumpers. This ready to use product produces a long lasting satin finish. XP Renew-It™ is extremely durable, easy to use, and VOC compliant. It will not collect dust and easily removes from paint and glass.

- **Formulated Specifically for Plastic & Rubber**
- **Long Lasting**
- **Thick Lotion**

Shake well prior to use. With an applicator pad or a soft cloth, apply XP Renew-It™.

XP Renew-It™ is a thick lotion, so it will not run. It's perfect for tight spots that need attention.

Use a clean, soft towel to wipe away any remaining residue.
