Reconditioning Professional's #1 Choice®

IMPROVED AEROSOL!

NEW!

S936 Instant Shine

Sprayway's S936 Industrial Instant Spray-Release Agent is now simply called **Instant Shine**. Same part number. This **50-state compliant** aerosol is a **silicone-based coating** designed to treat vinyl and polycarbonate substrates. Contains a new coating resin. Works as well, if not better, than the old S936! Order it today!

Directions: Clean surface before use. Simply spray onto surface and allow to dry. No wiping is necessary.

- **Instant Silicone-Based Coating**
- **Long-Lasting Shine**
- **Easy To Use**
- **50-State VOC Compliant / No CFCs**
- **In Stock Today!**
