

Product Technical Bulletin

PRODUCT NAME:

Power Cut Plus®

PART #:

110A

110

PACKAGE:

16 oz.

Gallon

PRODUCT CATEGORY:

Compounds

COLOR:

Lt. Brown

SCENT:

Solvent

ABRASIVENESS:

8.5 out of 10 (10 is highest amount of abrasive)

PRODUCT DESCRIPTION:

Power Cut Plus® is a fast-cutting compound for removing heavy oxidation, acid rain spots, and car wash scratches. Safe for use on clearcoat and conventional paint finishes. May be applied by hand or a variable speed polisher. Works well with wool or foam cutting pads. VOC compliant. Body shop safe.

DIRECTIONS:

Shake well. For hand application, use a wax applicator in overlapping, back-and-forth motions until desired results. Remove excess with a soft, terry towel. For machine application, apply to a small area and buff at medium rpm with a wool pad or low rpm with a foam pad to desired results. Remove excess with a soft, terry towel. Follow up with an Auto Magic® polish and wax for bringing the compounded surface back to a showroom finish.

SURFACE APPLICATIONS:

For compounding clear coat, single stage, acrylic, lacquers, enamels, as well as powder-coated paints.

ADDITIONAL USES:

Excellent on RVs, boats, motorcycles, ATVs, and other painted surfaces.

Power Cut Plus® works great as a headlight lens repair product. Hand-rub, then follow with an Auto Magic® polish and wax.

HELPFUL TIPS:

Always follow Power Cut Plus® with an Auto Magic® polish and wax (wax for optional added gloss and protection).

SAFETY & HANDLING:
