

Product Technical Bulletin

PRODUCT NAME:

E- Z Rubber Dressing™ Concentrate

PART #:

34

PACKAGE:

Gallon

PRODUCT CATEGORY:

Dressings & Protectants – Water Based

COLOR:

Clear

SCENT:

Alcohol

PRODUCT DESCRIPTION:

Formulated specifically for the body shops, E-Z Rubber Dressing™ Concentrate is an economical, water-based all-purpose dressing. Adds new life to faded rubber moldings, trim, dashboards, plastic and vinyl. Contains no silicones. VOC compliant and body shop safe.

DILUTION RATIO:

Dilute 1:4 with water (1 gallon of concentrate to 4 gallons of water).

DIRECTIONS:

Shake or mix well. Apply evenly with a mist sprayer or sponge applicator and allow to dry. Remove excess with a clean dry cloth.

SURFACE APPLICATIONS:

For use on rubber moldings, trim, plastic and vinyl.

ADDITIONAL USES:

Use on boats, RV's, motorcycles, and other commercial vehicles.

HELPFUL TIPS:

Dilute properly for best performance of E-Z Rubber Dressing™ Concentrate.
