

Product Technical Bulletin

PRODUCT NAME:

Black Finishing Glaze®

PART #:

503030

PACKAGE:

32 oz.

PRODUCT CATEGORY:

Dual-Purpose Machine Glaze

COLOR:

Black

SCENT:

Solvent

ABRASIVENESS:

4 out of 10 (10 is highest amount of abrasive)

PRODUCT DESCRIPTION:

Black Finishing Glaze® is a dual-purpose polishing and finessing glaze specifically designed for DARK colored paints. Easily removes compounding swirl marks, light scratches, and other paint imperfections, while providing a quick and easy clean up, and leaving a high gloss final finish. Blocks the damaging effects of the sun's ultraviolet rays with the use of an added UV protectant. Contains no silicones or waxes. Body Shop Safe and VOC compliant.

DIRECTIONS:

- Shake well.
 - To Machine Polish, use wool or foam polishing pads at 1400 to 1800 RPM with medium to light pressure.
 - For Final Finishing, use a foam finishing pad at 1200 to 1400 RPM using light pressure. Wipe the surface with a clean terry or microfiber towel if needed.
 - Orbital Polisher - Work in a two foot by two foot area until desired gloss is achieved.
 - Remove excess with a soft, terry towel.
- WARNING:* This product may stain clothing and skin.

SURFACE APPLICATIONS:

For compounding OEM Paints, repainted or refinished, lacquers, clear-coats and single stage paints. May also be used on water-borne and high solids paints.

ADDITIONAL USES:

Commercial vehicles, motorcycles, motor homes and recreational vehicles.

HELPFUL TIPS:

It is best to remove all surface contamination with the use of Clay Magic® detailing clay prior to application to ensure the highest performance.

SAFETY & HANDLING:
