Advanced Compound with Ultra-Fast Cut

Abrasive Meter

No. 99

For Professional Use Only

NOT FOR RESALE

XP Magic Cut®

No. 99

XP Magic Cut® is an advanced compound that works remarkably fast on all types of cured and fresh paint. The micron-sized abrasives level paint imperfections quickly with little effort and little swirl. It rapidly removes 1500 sandpaper marks, scratches, acid rain, oxidation, and other paint imperfections. It also produces rich color depth and a high gloss finish. Clean up is fast and easy. VOC compliant and body shop safe. DIRECTIONS: Apply a thin line of XP Magic Cut™ to the surface. Compound with a wool or medium to heavy cut foam pad at 1400-1750 rpm. Buff until surface imperfections have been removed. Keep the pad "wet" by spraying a mist of #49-Body Shine® onto the buffed area. Wipe carefully with a clean, soft microfiber cloth.

DANGER - Combustible liquid. Causes skin irritation. Causes serious eye irritation. May cause cancer. Precautionary Statements: Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Keep away from heat/sparks/open flames/hot surfaces. - No smoking. Wash thoroughly after handling.
