

Technical Data Sheet

PRODUCT NAME:

Surface Magic®

PART #:

503010

PACKAGE:

32 oz.

PRODUCT CATEGORY:

Machine Glaze

COLOR:

White

SCENT:

Solvent

ABRASIVENESS:

6 out of 10 (10 is highest amount of abrasive)

PRODUCT DESCRIPTION:

Surface Magic® is a thick-bodied, low dusting, aggressive machine glaze, specifically formulated to eliminate heavy compound swirls, ultra-fine wet sanding marks and moderate oxidation. Excellent for all types of paint finishes, refinished and factory applied. May be used as a one-step application. Contains no silicones or waxes. Body Shop Safe. VOC compliant.

DIRECTIONS:

For best results, apply product sparingly and spread evenly over the surface.

- Buff with a wool or medium to heavy cut foam pad at 1500 – 1750 rpm using a Rotary Polisher
- Less swirls use a DA Polisher with correct pad, depending on paint correction needed.

SURFACE APPLICATIONS:

For compounding OEM Paints, repainted or refinished, lacquers, clear-coats and single stage paints. May also be used on water-borne and high solids paints.

ADDITIONAL USES:

Marine gel coats, plastic headlight covers, Plexi-glass surfaces

HELPFUL TIPS:

Clean pad frequently. Wipe surface with a clean terry cloth towel and #502050 Lubri-Shine®.

SAFETY & HANDLING:

Safety Data Sheets can found online at automagic.com

Use proper personal protection equipment when using chemicals
