

## Technical Data Sheet

**PRODUCT NAME:**

Super Dress-It®

**PART #:**

65A  
65  
65-5  
65-55

**PACKAGE:**

16 oz  
Gallon  
5 Gallon  
55 Gallon

**PRODUCT CATEGORY:**

Dressings & Protectants  
Exterior & Interior

**COLOR:**

Milky White

**SCENT:**

Lemon

**PRODUCT DESCRIPTION:**

Super Dress-It® is a superior all-purpose, **water-based** silicone dressing for interiors, exteriors and engine compartments. Restores original beauty to vinyl upholstery and trim, dashboards, air vents, tires, rubber moldings, vinyl tops, hoses and more. Leaves a non-greasy, glossy protective shine. VOC compliant.

**DILUTION RATIO:**

RTU-Ready to Use-  
1:4  
1:6  
1:8

Exterior-High Gloss  
Tires, Exterior moldings High to Medium Gloss  
Exterior, Interior Medium to Low Gloss  
Engines, Interior, Low Gloss

**DIRECTIONS:**

Shake well. For a high gloss finish, spray directly onto the surface, then allow to dry. For a satin finish (**less gloss**) see dilution ratio's, after application, wipe evenly with a clean cloth. For economy usage, Super Dress-It® can be diluted up to 1:4, 1:6, 1:8, with water. Best used as full strength for exterior use. DO NOT apply to brake/accelerator pedals. For engines, spray product directly over entire engine, then allow to dry naturally. Product can be applied when the engine is still wet; just after the wash and rinse.

**SURFACE APPLICATIONS:**

Great for both **Exterior and Interior** use. Will not harm plastic or vinyl dashes. Safe for engines.

**HELPFUL TIPS:**

Be sure your surfaces are clean before application of Super Dress-It®. Be sure to let your tires dry at least 5 minutes before driving. This will help to avoid product "slinging" onto body panels. Product best used on cool surfaces.

**SAFETY & HANDLING:**

Safety Data Sheets can found online at [automagic.com](http://automagic.com)  
Use proper safety PPE when using any chemicals.
