

Technical Data Sheet

PRODUCT NAME:

Ceramic Hydro Shine®

PART #:

69A

69

PACKAGE:

6 - 16 oz.

4 - 1 Gallon

PRODUCT CATEGORY:

Waxes, Polymers, & Sealants

COLOR:

Orange

SCENT:

Melon

ABRASIVENESS:

0 out of 10 (10 is highest amount of abrasive)

PRODUCT DESCRIPTION:

Ceramic Hydro Shine® is a quick and easy-to-use spray-on drying agent, paint protectant, and gloss amplifier that can be applied wet or dry to all exterior vehicle surfaces leaving a water beading, smooth, hydrophobic layer of protection and a deep glossy finish, lasting finish for up to 60 days. The ceramic additive is key to increasing durability, reducing maintenance, and repelling water and dirt. This quick detailer also protects paint from sun damage with UV inhibitors. Easy to apply, just apply and then wipe off. Use after every wash to maintain a beautiful showroom finish!

DIRECTIONS:

Wash vehicle prior to product application. If necessary, clay the paint surface of the vehicle prior to application. Spray CERAMIC HYDRO SHINE onto the paint surface. HYDRO SHINE can be applied on both wet and dry surfaces. Once applied to the vehicle, fold a microfiber towel into quarters and work the product into the paint, flipping the towel to buff to a smooth shine. Repeat the process if preferred. If using in direct sunlight, apply one panel at a time.

SURFACE APPLICATIONS:

For express high-gloss and added surface protection of clear coat, single stage, acrylic, lacquers, enamels, as well as powder-coated paints. Also great for exterior chrome, plastic and rubber, and glass.

ADDITIONAL USES:

Excellent on RVs, boats, motorcycles, bikes, and other painted surfaces.

HELPFUL TIPS:

It is best to remove all surface contamination with the use of detailing clay prior to application to ensure the highest performance of #69 Ceramic Hydro Shine. This will also ensure easier application and removal. Can be applied on wet or dry surfaces.

SAFETY & HANDLING:

Safety Data Sheets can found online at automagic.com

Use personal protection equipment when using chemicals.

Frequently Asked Questions?

Q1: Is Ceramic Hydro Shine easy to use?

A1: Yes, it is a quick easy-on, easy-off application that can be applied wet or dry.
