Auto Magic[®]
Professional Car Care

At Auto Magic, we are concerned for the health and welfare of our customers who use our products, as well as the health and welfare of the environment. Some states restrict the sale of products that don't meet certain VOC* levels. They define the limits on vapors that are emitted from these products.** Auto Magic helps you "Breathe Easy in 50 States™" because you can be certain our new line of cleaning and detailing products are VOC compliant in all 50 states.

For over 55 years, professional auto detailers have relied on Auto Magic to offer products that meet all their market needs. That's why we've developed four new products that have been formulated to meet the most stringent VOC standards. From citrus cleaner to tire dressing, tar remover to wheel cleaner, these products have been formulated and tested to be the best performing products on the market—and that makes you look good.

*Volatile Organic Compounds

**Several state and local government agencies have issued regulations to reduce VOC emissions from various products in order to reduce ozone levels. Regulations can vary from state to state and even county to county. VOC compliant products from Auto Magic meet these minimum requirements. 50 State VOC Compliant products have been formulated to meet the strict VOC standards and are compliant in all 50 states.
