PRODUCT DESCRIPTION:

DC1 is an economical high-sudsing, soap for cleaning exterior vehicle surfaces. Rinses easily for less wipe down time, leaves a brilliant shine. VOC compliant.

DILUTION RATIO:

Recommended 320:1 5-gal bucket
Foamer Gun pour directly into bottle

DIRECTIONS:

320:1 into a 5-gallon pail. Fill with pressurized water or hose, and wash vehicle with a wash mitt or soft sponge, soft brush. Products can also be applied with a foam gun application, Rinse thoroughly, then dry with a soft towel, chamois or squeegee.

SURFACE APPLICATIONS:

For exterior washing/cleaning of clear coat, single stage, acrylic, lacquers, enamels, **fiberglass, gelcoat**, as well as powder-coated paints. Also cleans glass, chrome, plastic, vinyl, rubber, wheels, and more.

ADDITIONAL USES:

Excellent on RVs, boats, motorcycles, ATVs, and more.

HELPFUL TIPS:

Use on cool surfaces. To quickly cool the surfaces, rinse entire vehicle with pressurized water before use. This will also help to loosen and remove dirt. It is best to use a separate wash mitt or sponge on the lower body areas, fender wells, wheels, and tires. This way, if you pick up any small rocks and dirt, it won't scratch the painted areas. **Use a 2- bucket method (one for wheels and tires, rocker panels), the other for (painted and glass surfaces).**
