Thick Car Wash Shampoo

No. DC1

A perfect soap for cleaning the vehicle. This high-sudsing thick formula cleans the vehicle easily and will leave a brilliant shine as you dry the paint, glass and chrome. Pink in color with a grape scent. **DIRECTIONS:** Pour 2 to 4 ounces of product into a clean bucket. Use a pressure washer or garden hose to generate suds. Two ounces of product will generate more than enough suds to clean a full-size van or SUV. This soap will re-generate new suds for a second car wash by simply applying water pressure to the remaining soap from the first car wash.

El Jabón perfecto para limpiar el vehículo. Esta fórmula espesa de amplia espuma limpia el vehículo con facilidad y dejará un gran brillo a medida que seca la pintura, el vidrio y el cromo. De color rosa con aroma a uva. **INSTRUCCIONES:** Vierta de 2 a 4 onzas del product en una cubeta limpia. Utilice un lavador a presión o una manguera de jardín para generar espuma. Dos onzas del product generarán una cantidad más que suficiente de espuma para limpiar una camioneta o vehículo SUV grande. Este jabón regenerará nueva espuma para lavar un segundo vehículo con la spencilla aplicación de agua a presión al jabón restante de la primera lavada.

This product is not considered hazardous per GHS classification. Dispose of contents / container in accordance with local / regional / national / international regulation.
