PRECAUTIONS ON SIDE PANEL

Container Intended for #DC6 Only

### HV Water-Based Tire Dressing

### No. DC6

A concentrated high viscosity (super-thick) safe dressing for all surfaces. It adds a water-based shine to tires and dresses the engine compartment. Also adds color and shine to tires and dresses the engine compartment. Also adds color and shine to interior vinyl and plastic. Thick enough to be applied with a paint brush! **DIRECTIONS:** Diluted at 4:1, this product will produce a neutral shine on the interior and engine compartment. For a high-shine, dilute at 2:1. Dilute 1:1 for economical use on tires, then towel dry any remaining product. Use this product straight for high-shining tires.

Tratamiento concentrado de alta viscosidad (super espeso) para todas las superficies. Da un brillo a base de agua a las llantas y al compartimiento del motor. También da color y brillo al vinilo y plástico para interiores. ¡Tan espeso que se puede aplicar con una brocha para pintar! **INSTRUCCIONES:** Diluido 4:1, este producto producirá un brillo natural en interiores y al compartimiento del motor. Para un gran brillo, diluya 2:1. Diluya 1:1 para uso económico en llantas, después seque con toalla cualquier residuo del producto. Utilice el producto directamente para obtener llantas muy brillantes.
