

LIQUID CLAY DECON™

SPRAY ON, RINSE AWAY COLOR-CHANGING EXTERIOR DECONTAMINANT

Liquid Clay Decon™ is a pH balanced, color-changing exterior decontaminant that is safe on all exterior substrates. Liquid Clay Decon breaks down the harshest contaminants that embed themselves on the vehicle. This fast-acting formula quickly penetrates as it changes color to illuminate material buildup. Simply spray on and after dwell time, rinse away all unwanted contamination from the exterior of the vehicle.

APPLICATIONS

OEM painted surfaces, chrome, stainless steel, and aluminum trim.

DIRECTIONS

1. Wash and rinse vehicle (some additional water left on the surface does not impact performance).
2. Spray enough to evenly coat contaminated surfaces.
3. Allow to dwell while color change occurs for at least 1 minute.
4. Completely rinse treated surface.

SPRAYS ON GREEN

URNS TO RED

HELPFUL TIPS

NEVER spray on a hot surface including paint and wheels. Avoid use on parts that are painted with spray cans or low-quality paints. Examples: Brake calipers or unknown wheel coatings.

DO NOT allow chemical to dry on any surfaces.

TECHNICAL SPECIFICATIONS

Part #	52, 52-5
Product Category	Exterior Decontaminant
Color	Green/Yellow
Scent	Surfactant
Dilution Ratio	Ready to Use
Package Size	Gallon, 5-Gallon
